

LET'S DO MORE BASKETBALL

Established in 2018, Let's Do More CIC, is a socially inspired organisation, which uses sport as a means to engage, empower and raise the aspirations of young people living in some of the most deprived communities in Leeds. Since 2019, basketball has become our flagship sport and the LDM Basketball programme engages over 200 young people each week in basketball activity across multiple communities in Leeds.

The LDM Basketball programme is designed to provide basketball opportunities to players from all backgrounds and experiences, providing a pathway to the elite level of the game for those who aspire to pursue this. We run a multitude of school and community sessions across Leeds, which aim to introduce young people to basketball, with a view to developing their skills and confidence to join our various local and national league junior basketball teams.
